Packing Tips...

- ◆ Finish packing and prepare an "essentials" box. Designate boxes and items to load last into the moving truck. Pack suitcases and valuables separately.
- ◆ Pack one room at a time and clearly label each box with a description of contents and the destination room (e.g. kitchen, office).
- ◆ Be as specific as possible when labeling boxes. It makes unpacking much easier.
- ◆ Keep the weight of boxes reasonable. If possible put heavy items in small boxes to make them easier to carry.
- ◆ Double box fragile items and use plenty of cushioning material.
- ◆ Fill boxes completely, but don't over-pack the box.
- ◆ When everything is packed, make sure the items you need first at your new home are loaded last.
- ◆ Items you may need when you arrive should be packed and carried separately. For each person in your household, prepare a change of clothes, towel, prescriptions, toothbrush, sheets, and other personal items. Prepare a bag of plastic eating utensils, paper plates, cups, paper towels, toilet paper, trash bags, soap, first aid kit, snacks, beverages, and food for your pets.
